Thank you for taking up the opportunity to share at one of our church services.

RECORDING

During the service, our sound team will electronically record your message to provide an opportunity for those in parallel ministries (Sunday school etc) to hear it on a future occasion. This recording can be shared with our congregation and the wider community if you so desire on different media platforms including, Compact Disc, USB thumb drive, cloud services, hosted on the church website, fed through subscriber systems and advertised on podcast feeds and other electronic means. Please indicate if you would like the recording to be shared in any of these ways.

HONORARIUM

Merredin Church of Christ would also like to repay you for the voluntary contribution you have made to our church in the form of an honorarium. The Australian Tax Office details these types of payments as a token amount compared with the services provided by you for the time spent preparing and delivering the sermon and support provided to the Church. If you would like the church to provide you with an honorarium payment please provide your preferred method of payment.
